## Bouvrage – searching for Scottish blaeberrries

Ella Drinks, who make the up-market Bouvrage soft drinks range, are proud of being a Scottish company, and of the Scottish-grown raspberries they use for their raspberry drink.

The raspberries are cultivated – but the blaeberrries they use for their other brand are picked from the wild... in Finland.

Ella Drinks would love to be able to source blaeberrries from Scotland. They grow well here, and are full of flavour – but it takes quite a bit of organisation to get enough blaeberrries from the hills and forests to the production unit, with all their tasty and healthy qualities intact.

If you know of anyone who'd like to help solve this conundrum, we'd love to hear from you!
